Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Note 1: NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Big Sky Energy Capital, LLC (the "Company") was organized in the State of Florida on August 15, 2012. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged in business as a securities broker-dealer that provides several classes of services, including advising on and/or facilitating the sale of oil and gas interests, private placement of securities (with an emphasis on the oil and gas industry), and merger & acquisition advisory services.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(i), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Summary of Significant Accounting Policies

Use of estimates – The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash – The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses on such accounts and believes it is not exposed to any significant credit risk on cash.

Accounts receivable – Accounts receivable are stated at face amount, less any allowance for bad debts.

Revenue recognition – The Company earns revenue through retainer fees, success fees, consulting services and client reimbursed expenses.

Retainer fees – For most engagements clients pay non-refundable retainer fees upon engaging the Company. Retainer fees are considered earned when billed.

Consulting fees – The Company bills and recognizes revenues for consulting services periodically as the services are performed as provided for under the terms of its agreement with the client.

Big Sky Energy Capital, LLC

Notes to Financial Statements December 31, 2017

Note 1: NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Success fees – Success fees are owed to the Company on completion of a transaction. Success fees are recognized when the transaction is closed.

Client reimbursed expenses – The Company recognizes reimbursable expenses and the related reimbursement in the period in which they are incurred; these expenses are billed periodically in accordance with the terms of the agreement with the client.

Income taxes – The Company is not a taxpaying entity for federal and state income tax purposes. Each member's allocable share of the Company's taxable income or loss is taxed on the member's income tax returns. No provision or liability for federal or state income taxes has been included in these financial statements.

Note 2: ACCOUNTS RECEIVABLE

At December 31, 2017, the company had no outstanding accounts receivable.

Note 3: RELATED PARTY TRANSACTIONS

During the year ended December 31, 2017, the Company utilized office space and furnishings provided by its two officers at no cost. The Company shared this space and certain other general and administrative expenses with Big Sky Energy Advisors, LLC ("BSEA"), owned by the Company's members. The parties had in place an expense sharing agreement whereby phone, computer/internet, CRM, insurance, office supplies and travel expenses were shared based on actual and estimated costs. The Company paid \$38,400 to BSEA under this arrangement for the year ended December 31, 2017.

It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

Note 4: COMMITMENTS AND CONTINGENCIES

The Company had no commitments, no contingent liabilities and had not been named as a defendant in any lawsuit at December 31, 2017 or during the year then ended.

Big Sky Energy Capital, LLC
Notes to Financial Statements
December 31, 2017

Note 5: GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at December 31, 2017 or during the year then ended.

Note 6: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

Note 7: RECENTLY ISSUED ACCOUNTING STANDARDS

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

The Company has either evaluated or is currently evaluating the implications, if any, of ASUs which were newly issued or had effective implementation dates that would require their provisions to be reflected in the Company's financial statements for the year ending December 31, 2017. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Big Sky Energy Capital, LLC
Notes to Financial Statements
December 31, 2017

Note 8: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2017, the Company had net capital of \$169,923, which was \$164,923 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$0) to net capital was not applicable since the Company had no aggregate indebtedness, which is less than the 15 to 1 maximum allowed.

No material differences exist between the net capital calculated above and the net capital computed and reported in the Company's December 31, 2017 FOCUS filing.

Note 9: INCOME TAXES

As discussed in the Summary of Significant Accounting Policies (Note 1), all tax effects of the Company's income or loss are passed through to the members. Therefore, no provision or liability for Federal Income Taxes is included in these financial statements.

The Company is required to file income tax returns in both federal and state tax jurisdictions. The Company's tax returns are subject to examination by taxing authorities in the jurisdictions in which it operates in accordance with the normal statutes of limitations in the applicable jurisdiction. For federal purposes, the statute of limitations is three years. Accordingly, the Company is no longer subject to examination of federal returns filed more than three years prior to the date of these financial statements. The statute of limitations for state purposes is generally three years, but may exceed this limitation depending upon the jurisdiction involved. Returns that were filed within the applicable statute remain subject to examination. As of December 31, 2017, the IRS has not proposed any adjustment to the Company's tax position.

Report of Independent Registered Public Accounting Firm

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Big Sky Energy Capital, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
